DE PÈRE EN FILS DEPUIS 1931

BROTTE, BROTTE, CHATEAU DE BORD, AOC Côtes du Rhône Villages Laudun, Rouge, 2022

AOC Côtes du Rhône Villages Laudun, Vallée du Rhône, France

Built in Roman times, Château de Bord in the village of Laudun belonged to the Vicars of Uzes during the 11th century and later by the Count of Toulouse. It was abandoned after the French Revolution in 1789 and changed hands several times until it was purchased in 1991 by the Brotte family, who saw incredible potential in its surrounding vines. Walls of a medieval castle with tall stature overlook the vines.

TERROIR

Situated on a south facing hillside, the vineyard is spread over 22ha of terraces. Its soil is a well drained mixture of clay and limestone and is rich in fossils of oysters and other sea shells left by the retreating sea in the Mesozoic era, some 250 to 65 million years ago.

WINEMAKING

Sustainable viticulture, de-budding, de-leaving and green harvest to limit the yield and increase the quality. Hand-picking into small cases and fast transportation to the winery to avoid berries' crushing and oxidation. Destemming, gentle crushing. Fermentation at 28°C, followed by a 3 week maceration.

AGEING

The tannic Grenache and Syrah are aged in French oak barrels (1/3 new, 1/3 one wine, 1/3 two wines), while the softer Grenache is matured in concrete vats and 100 year old oak vats to preserve the fruit. Bottling takes place in March, after more than a year of ageing and a light filtering.
